Created June 2, 2009 2009 GO Bond Program: DMD Streets Summary, 2009–2017	page 85

Coverage: Funding allocation and totals followed by program groups, with scopes before schedules and both distinct Streets schedule editions in established source chronology.

Record note

Source order supports historical navigation and carries no final or adopted precedence. The three bond authorizations and enacted priorities resolution remain separate independent instruments.

Compilation provenance

The 24 complete City originals follow individual provenance sheets. Senior Affairs and Family and Community Services remain distinct components. Each original retains its individual archive and official source links.

How to cite a section

Cite the original City document title and date shown on its provenance sheet. Use the original archive URL when a stable file citation is required; use this compilation only as a convenient collected edition.

Community Facilities

<u>Project Title</u>	<u>2009</u>	<u>Scope</u>
Affordable Housing		
Affordable Housing	\$10,000,000	Land acquisition for affordable housing City Wide, as provided in F/S(3) O-06-8.
Animal Welfare		
Kennel Renovation	\$1,500,000	Design, renovate, construct, purchase related equipment and otherwise improve the dog kennel and cattery areas at the East Side and West Side animal shelters.
Cultural Services - Albuquerque Biological Park		
Tingley Lagoon	\$6,500,000	Design, construct and equip, furnish, provide utilities, public amenities, electronic equipment, landscaping and all necessary exhibit furnishings for a swimming and wading sand lagoon at Tingley Beach. This project will have a 500' long sand beach, swimming and amenities for citizen use. It restores swimming to the historic Tingley Beach.
Japanese Garden / Sasebo Exhibit	\$900,000	Design, construct, equip, acquire plants, electronic irrigation equipment and specialized garden art. Complete construction of the Japanese garden. The garden will show the parallel cultures in architecture and landscapes to those of the southwest strengthening the information about different cultures to all citizens.
Renovation & Repair (BioPark)	\$950,000	Design, construct, equip, furnish and renovate current outdated facilities, to include utilities, public amenities, electronic equipment, landscaping and life support systems and animal enclosures. Remodel existing outdated facilities at the BioPark. Facilities include Zoo, Aquarium, Botanical Garden and Tingley Park.
Asia / Tigers	\$1,000,000	Design, construct, equip, furnish, provide utilities, public amenities, electronic equipment, landscaping and all necessary furnishings, to include the costs associated with the acquisition of animals. This phase will focus on the tiger exhibit in Asia. All amenities must meet required AZA/USDA standards.
Insectarium, Phase II	\$750,000	Construct, equip, furnish, provide utilities, public amenities, electronic equipment, landscape and all necessary exhibit furnishings including the acquisition of plants and insects. This will complete this project. The square footage of the exhibit will be 7,000 square feet that will require furnishings for housing numerous insect species.

Community Facilities

<u>Project Title</u>	<u>2009</u>	<u>Scope</u>
Cultural Services - Community Events		
KiMo Theatre HVAC Replacement and Exterior Rehabilitation	\$500,000	Purchase and replace HVAC system for the auditorium. Plan, design, construct, rehabilitate KiMo exterior and interior finishes.
Cultural Services - Library		
Library Materials	\$2,000,000	Purchase library materials such as books, periodicals, audiovisual materials, electronic resources and other needed materials to meet customer demand for new information; replace outdated material, and provide educational and recreational materials for all libraries.
Library Automation	\$650,000	Design, purchase and install updated automation equipment to maintain network services, automated systems and other equipment.
Main Library Roof Repair	\$1,100,000	Plan, design, construct, repair and purchase related equipment for the roof at the Main Library.
Library Building Renovation	\$150,000	Design, construct, and purchase related equipment and furnishings to rehabilitate critical deficiencies in 14 City library facilities. Improve energy and water efficiency and address ADA and safety issues.
Public Library at Central & Unser	\$650,000	Plan, design, construct, furnish and equip 20,000 square foot library. Purchase library materials and automation equipment.
Cultural Services - Media Resources		
Media Resources / GOV -TV Facility Upgrades and Replacements	\$300,000	Design, purchase, renovate, upgrade, convert, install, and implement equipment to bring GOV TV in compliance to the Federal law requiring digital formatting. Construct and renovate existing location as necessary to accommodate new equipment.
Cultural Services - Museum		
Albuquerque Museum Development, Phase 2	\$3,500,000	Design and construct phase 2 rehabilitation of the Albuquerque Museum of Art & History and purchase related equipment. Phase 2 provides for rehabilitation of failed HVAC, degraded electromechanical systems, and inefficiently utilized spaces in a major portion of the 1979 part of the museum. Corrects deficiencies with respect to ADA, and maintains standards mandated by the American Association of Museums. This is the second of 3 anticipated phases. Final project completion is expected by 2013, contingent on future funding.

Community Facilities

<u>Project Title</u>	<u>2009</u>	<u>Scope</u>
Albuquerque Museum Collection Development	\$50,000	Purchase, collect, preserve, and maintain art and historic artifacts and purchase related equipment. Correct deficient areas of Museum collections, rehabilitate artifacts, and maintain collection standards mandated by the American Association of Museums.
Albuquerque Museum History Exhibit Renovation, Phase 1	\$150,000	Design and construct Phase 1 of history exhibit at the Albuquerque Museum of Art & History and purchase related historic objects and equipment. This is the first of 2 anticipated phases. Final project completion is expected by 2012, contingent on future funding.
DMD: CIP Division		
Replacement Vehicles (DMD)	\$100,000	Replace aging vehicles needed by the Department of Municipal Development to adequately and efficiently implement department projects.
DMD: Facilities, Energy & Security		
City Building Improvement and Rehabilitation	\$750,000	Plan, design, engineer, construct, and purchase related equipment to rehabilitate City facilities in order to maintain structural value and improve energy efficiency.
High Flow Fixture Replacement	\$400,000	On-going project to replace High-Flow plumbing fixtures with Low-Flow plumbing fixtures at City facilities, initially including but not limited to multi-story downtown facilities, fire stations, police stations and senior centers.
Roof Repairs for City Facilities	\$500,000	Plan, design, engineer, rehabilitate, replace and construct roofs to maintain the structural value and integrity of the building envelope at City facilities.
Security Improvements and Rehabilitation	\$150,000	Design, construct, rehabilitate and purchase related equipment to upgrade security systems for various City facilities.
Facilities Green Program Initiative	\$200,000	Plan, design, engineer, construct, and purchase related equipment for Renewable Energy upgrades, Lighting and HVAC upgrades, and Building Automation Systems projects at City facilities.
DMD: Parking		
Parking Facilities Rehabilitation & Upgrade	\$150,000	Rehabilitate parking facilities, upgrade related equipment, replace antiquated parking meters.

Community Facilities

Project Title

2009

Scope

Environmental Health

Los Angeles Landfill Remediation	\$750,000	Design/construct improvements at the former Los Angeles Landfill. Improvements will include but not limited to grading and drainage required by subsidence of the landfill from deteriorated municipal solid wastes; utilities which require replacement due to subsidence; improvements to the landfill gas extraction system, soil vapor extraction system and gas flare system; and any other action required to protect the health and safety of the public during ballooning and other functions held at the landfill.
Environmental Equipment Improvements and Rehabilitation	\$500,000	Design construct and purchase related equipment to upgrade environmental monitoring for various City regulated programs to include, but not necessarily be limited to air quality, groundwater monitoring, household hazardous waste, consumer health, vector borne disease control. Acquisition of specialized vehicles and vehicle outfitting related to vector control. Laboratory equipment and furnishings.
Environmental Sustainability Program (EHD)	\$250,000	To plan, design, construct, implement, and purchase related equipment for the Environmental Sustainability Program that utilizes best management practices to enhance and sustain Albuquerque's resources with regard to urban forestry, waste management, urban wildlife and future City initiatives to support the Council of Mayors Climate Protection Agreement / Environmental Health Sustainability initiatives.
Montessa Park Gambusia Pond Renovation	\$200,000	Renovate pond by draining, re-grading and improving overall design. Install new liner. Install filtration system, auto-fill system and fish collection areas. Rehabilitate aquatic ecosystem through vegetation and algae management. Equip pond perimeter with gravel skirt to facilitate management. Provide a clean slate for long-term management.

Family & Community Services

Renovations, Additions and Security Improvements: Existing FCSD Facilities	\$600,000	Design, renovate, demolish, construct, equip, furnish, provide security improvements and otherwise make improvements to existing FCSD facilities and sites. 100% of funding will be spent within the 1980 boundaries.
Westgate CC Reconstruction	\$1,000,000	Design, renovate, demolish, construct, equip, furnish, provide security improvements and otherwise make improvements to the Westgate Community Center. This request is intended primarily for planning and design of a significantly renovated or reconstructed community center.

Community Facilities

<u>Project Title</u>	<u>2009</u>	<u>Scope</u>
Los Duranes CC Reconstruction, Phase I	\$1,000,000	Design, renovate, demolish, construct, equip, furnish, provide security improvements and otherwise make improvements to the Los Duranes Community Center. This request is intended primarily for planning and design of a significantly renovated or reconstructed community center.
Renovation of Downtown Cultural Facility for Teens, Phase II	\$2,800,000	Design, renovate, demolish, construct, equip, furnish, provide security improvements and otherwise make improvements to a Downtown Cultural Facility for Teens Community Center. Phase I was completed in December 2008. This request is for the second of three phases.
Vehicle Replacement: FCSD	\$100,000	Replace aging vehicles, and purchase equipment needed by the Maintenance Division. All Community Centers use vans in delivery of youth programs, and they all need to be replace periodically.

Finance & Administration

Citizen Relationship Management (CRM) / 311, Phase 3	\$300,000	Plan, design, develop, test, obtain software, hardware and professional services to upgrade, expand and otherwise improve software, network, and equipment for the City's Citizen Relationship Management (CRM) systems used in support of the 311 Citizen Contact Center and all City service functions. This project includes the implementation of additional web-based self-service functionality for citizens.
Enterprise Resource Planning (ERP), Phase 3	\$1,800,000	Plan, design, develop, test, obtain software, hardware and professional services to upgrade, expand and otherwise improve software, network, and equipment to automate financial, budget, and human resources processes and expand employee self-service functionality.
3% for Energy Conservation (F/S O-06-34)	\$4,800,000	Design and construct energy conservation and renewable energy projects as mandated and described in F/S O-06-34; Enactment O-2006-035.

Finance & Administration - Fleet

Fuel Tank Replacement	\$1,500,000	Plan, design, excavate, remove old fueling equipment and reconstruct the razed site and install new fueling equipment to replace the current, obsolete Pino Yard Fuel Tanks. Study the options to downsize the Pino Yards Fuel Facility and add a West Side Fueling Station. Determine the options to collaborate with other departments and especially Parks who may need a West Side Yard.
------------------------------	-------------	--

Community Facilities

<u>Project Title</u>	<u>2009</u>	<u>Scope</u>
Planning		
Electronic Plan Review	\$400,000	Plan, design, purchase, install and train staff to implement Electronic Plan Review System to replace manual review of paper building and construction plans. This system will allow simultaneous review by multiple reviewers. Purchase includes 5 years warranty services including training.
KIVA, Phase III	\$250,000	Plan, design, purchase hardware and software to expand the KIVA System in order to replace the existing building, and barricading permit systems.
West Central Metropolitan Redevelopment Area	\$1,000,000	Acquire property, and design and construct improvements in the West Central Metropolitan Redevelopment Area. Improvements may include infrastructure, streetscape, facade improvements, and building renovations.
Albuquerque Geographic Information System	\$200,000	Plan, design, purchase and upgrade and expand computerized maps and associated geographic information for use of all City departments and the Public. This includes, but is not limited to hardware, software, data, training and technical assistance.
New York Metropolitan Redevelopment Area	\$1,000,000	Acquire land, plan, conduct environmental clean-up, design and construction improvements in the proposed New York Metropolitan Redevelopment Area to include the El Vado Motel rehabilitation. Improvements will include facade improvements, infrastructure, streetscape, and building renovation.
North Fourth Street Corridor Improvements	\$500,000	Acquire land, plan, design and construct improvements linked to North Fourth St. Corridor Plan and proposed Metropolitan Redevelopment Plan including street rehabilitation, and other infrastructure improvements.
Senior Affairs		
Senior Center Rehabilitation	\$500,000	Design, construct, rehabilitate, and purchase related equipment for Senior Centers to improve, maintain, enhance and extend the service life of the facilities and grounds.
Total	\$52,350,000

Council - Neighborhood Set-Aside

<u>Project Title</u>	<u>2009</u>	<u>Scope</u>
Council District 1		
District 1, Street Projects	\$200,000	Design, install, repair and construct street projects in District 1, including, but not limited to, construction of Fortuna Road between Coors and Unser Boulevards, traffic calming devices, roadway enhancement features and amenities and median landscaping.
District 1, Park Improvements and Amenities	\$400,000	Design, construct, install and renovate park improvements and amenities in District 1 parks.
District 1, Community / Senior Center / Neighborhood Enhancements	\$390,000	Design, construct, install and renovate improvements for Community and Senior Centers in District 1.
District 1, Shawn McWethy Substation	\$10,000	Design, construct, install, furnish, equip or renovate Shawn McWethy Substation.
Total	\$1,000,000	

Council - Neighborhood Set-Aside

<u>Project Title</u>	<u>2009</u>	<u>Scope</u>
Council District 2		
District 2, Street Projects	\$300,000	Plan, design, install, repair and construct street projects in District 2 including, but not limited to, traffic calming devices, roadway enhancement features and median landscaping.
District 2, Park Improvements and Amenities	\$300,000	Plan, design, construct, install and renovate park improvements and amenities in District 2 parks.
District 2, Public Facilities	\$300,000	Plan, design, construct, install and renovate public facilities.
District 2, Economic Development	\$100,000	Plan, design or construct economic development improvements in Council District 2.
Total	\$1,000,000	

Council - Neighborhood Set-Aside

<u>Project Title</u>	<u>2009</u>	<u>Scope</u>
Council District 3		
District 3, Street Projects	\$800,000	Design, install, replace, repair, equip and construct street projects in District 3, including, but not limited to, design, construction and installation of roadway enhancement features and amenities, median landscaping, and traffic-calming devices, including, but not limited to, neighborhood signs, sidewalk construction and infill, and streetlight infill.
District 3, Community / Senior Center / Neighborhood Enhancements	\$100,000	Equip, repair, and design, install, replace and construct improvements at community centers, senior centers, and neighborhood facilities in District 3.
District 3, Park Improvements and Amenities	\$100,000	Design, construct, equip and install park improvements, equipment and amenities in District 3 parks
Total	\$1,000,000	

Council - Neighborhood Set-Aside

<u>Project Title</u>	<u>2009</u>	<u>Scope</u>
Council District 4		
District 4, North Domingo Baca Multigenerational Center	\$750,000	Design, construct, equip, furnish, install equipment and furnishings, improve, and enhance the North Domingo Baca Multigenerational Center.
District 4, Playground Equipment	\$100,000	Purchase, construct, replace, equip or otherwise improve playground amenities at parks in District 4.
District 4, Street Projects	\$150,000	Design, install, replace, repair and construct street projects in District 4 including, but not limited to, residential street replacement and repairs, median landscaping, design, construction and installation of roadway enhancement features and amenities, traffic calming devises, neighborhood signs, sidewalk construction and infill, and streetlight infill.
Total	\$1,000,000	

Council - Neighborhood Set-Aside

<u>Project Title</u>	<u>2009</u>	<u>Scope</u>
Council District 5		
District 5, Rancho Encantado Park	\$450,000	Design, install, construct, acquire land or rights-of-way for, equip, furnish, renovate or otherwise improve Rancho Encantado Park in Council District 5.
District 5, Seville Park	\$450,000	Design, install, construct, acquire land or rights-of-way for, equip, furnish, renovate or otherwise improve Seville Park in Council District 5.
District 5, Chantilly Park	\$50,000	Design, install, construct, acquire land or rights-of-way for, equip, furnish, renovate or otherwise improve Chantilly Park in Council District 5.
District 5, Park Hill Park	\$50,000	Design, install, construct, acquire land or rights-of-way for, equip, furnish, renovate or otherwise improve Park Hill Park in Council District 5.
Total	\$1,000,000	

Council - Neighborhood Set-Aside

<u>Project Title</u>	<u>2009</u>	<u>Scope</u>
Council District 6		
District 6, Alley and Pathway Beautification	\$250,000	Design, install, replace, repair and beautify alleys in the public right of way in District 6, including, but not limited to, the alley between Kathryn Street SE and Southern Boulevard SE between San Pedro Drive and Arizona Street SE.
District 6, Community / Senior Center / Neighborhood Enhancements	\$100,000	Design, construct, rehabilitate and install improvements for Community and Senior Centers in District 6.
District 6, International District Improvement	\$150,000	Design, install, replace, repair and construct streets, sidewalks, pedestrian walkways and provide for aesthetic improvements such as signs, banners, and murals to promote the International Zone.
District 6, Park Improvements and Amenities	\$500,000	Acquire land and design, construct and equip expansion of Jack and Jill Park
Total	\$1,000,000	

Council - Neighborhood Set-Aside

<u>Project Title</u>	<u>2009</u>	<u>Scope</u>
Council District 7		
District 7, APD Facilities Renovation / Upgrade	\$150,000	Design, construct, renovate, equip APD facilities. Improvements may include, but are not limited to, landscaping, signage, cameras, lighting, fencing and other security measures, and parking lot upgrades.
District 7, Libraries	\$50,000	Equip, furnish and renovate libraries in District 7.
District 7, Parks Improvements and Amenities	\$330,000	Design, construct, equip and install park improvements and amenities in District 7.
District 7, Street Projects	\$450,000	Design, install, replace, repair and construct street projects in District 7 including, but not limited to, residential street replacement and repairs, median landscaping, design, construction and installation of roadway enhancement features and amenities, traffic calming devises, neighborhood signs, sidewalk construction and infill, and streetlight infill.
District 7, Community / Senior Center / Neighborhood Enhancements	\$20,000	Replace and install equipment in senior centers. Equipment may include, but is not limited to kilns and ovens.
Total	\$1,000,000	

Council - Neighborhood Set-Aside

<u>Project Title</u>	<u>2009</u>	<u>Scope</u>
		Council District 8
District 8, Park Improvements and Amenities	\$400,000	Design, install, construct, acquire land or rights-of-way for, equip, furnish or renovate park amenities and improvements for the benefit of Council District 8.
District 8, Community / Senior Center / Neighborhood Enhancements	\$600,000	Design, install, construct, equip, furnish or renovate community and senior centers and community enhancement projects for the benefit of Council District 8.
Total	\$1,000,000	

Council - Neighborhood Set-Aside

<u>Project Title</u>	<u>2009</u>	<u>Scope</u>
		Council District 9
District 9, Park Improvements and Amenities	\$750,000	Design, install, construct, acquire land or rights-of-way for, equip, furnish or renovate park amenities and improvements for the benefit of Council District 9.
District 9, Community / Senior Center / Neighborhood Enhancements	\$250,000	Design, install, construct, acquire land or rights-of-way for, equip, furnish or renovate community and senior centers and community enhancement projects for the benefit of Council District 9.
Total	\$1,000,000

Community Facilities

<u>Project Title</u>	<u>2009</u>	<u>Scope</u>
Cultural Services - Albuquerque Biological Park		
Tingley Beach	\$500,000	Pave the drive aisles and parking at Tingley Beach. Purchase and install a minimum of two modular self-contained toilets between the south and center ponds. Add landscaping if financially feasible.
Renovation & Repair (BioPark)	\$950,000	Design, construct, equip, furnish and renovate current outdated facilities, to include utilities, public amenities, electronic equipment, landscaping and life support systems and animal enclosures. Remodel existing outdated facilities at the BioPark. Facilities include Zoo, Aquarium, Botanical Garden and Tingley Park.
Asia / Tigers	\$1,000,000	Design, construct, equip, furnish, provide utilities, public amenities, electronic equipment, landscaping and all necessary furnishings, to include the costs associated with the acquisition of animals. This phase will focus on the tiger exhibit in Asia. All amenities must meet required AZA/USDA standards.
Insectarium, Phase II	\$750,000	Construct, equip, furnish, provide utilities, public amenities, electronic equipment., landscape and all necessary exhibit furnishings including the acquisition of plants and insects. This will complete this project. The square footage of the exhibit will be 7,000 square feet that will require furnishings for housing numerous insect species.
Japanese Garden / Sasebo Exhibit	\$2,300,000	Plan, design, equip, acquire plants, electronic irrigation equipment, specialized garden art and otherwise improve the Japanese Garden / Sasebo Exhibit at the BioPark. Funding proposed in this cycle will complete the following facilities: Restrooms; Event Garden; Japanese Pavilion; Bonsai Garden and structure; Zen Garden; Upper pond with housing for Japanese cranes, and connecting stream; the Tea House; the Tea House Garden; montane garden and strolling path. These facilities will complete construction of the exhibit. The Garden will demonstrate the uniquely Japanese connection between architecture and landscaping, and will display this art form to citizens of New Mexico and the southwest.
Sub-total	\$5,500,000	
Cultural Services - Community Events		
KiMo Theatre HVAC Replacement and Exterior Rehabilitation	\$500,000	Purchase and replace HVAC system for the auditorium. Plan, design, construct, rehabilitate KiMo exterior and interior finishes.
Sub-total	\$500,000	

Community Facilities

<u>Project Title</u>	<u>2009</u>	<u>Scope</u>
Cultural Services - Library		
Library Materials	\$2,000,000	Purchase library materials such as books, periodicals, audiovisual materials, electronic resources and other needed materials to meet customer demand for new information; replace outdated material, and provide educational and recreational materials for all libraries.
Library Materials - International District Library	\$250,000	Purchase multi-lingual, multi-cultural library materials, including books, periodicals, audiovisual materials, electronic resources or other needed material for a library to be located in the International District.
Library Automation	\$650,000	Design, purchase and install updated automation equipment to maintain network services, automated systems and other equipment.
Main Library Roof Repair	\$1,100,000	Plan, design, construct, repair and purchase related equipment for the roof at the Main Library.
Library Building Renovation	\$150,000	Design, construct, and purchase related equipment and furnishings to rehabilitate critical deficiencies in 14 City library facilities. Improve energy and water efficiency and address ADA and safety issues.
Feasibility Study - Northwest Library	\$100,000	Conduct a feasibility study to determine the best location for a new public library to be located on the northwest mesa. Any unused funding may be used for the development of conceptual plans for the northwest mesa library.
Feasibility Study - Council District 6 Library	\$100,000	Conduct a feasibility study to determine the best location for a new public library to be located in Council District 6, including evaluating possible locations in area schools. Any unused funding may be used for the development of conceptual plans for an International District library.
Public Library at Central & Unser	\$650,000	Plan, design, construct, furnish and equip 20,000 square foot library. Purchase library materials and automation equipment.
Sub-total	\$5,000,000	
Cultural Services - Media Resources		
Media Resources / GOV -TV Facility Upgrades and Replacements	\$300,000	Design, purchase, renovate, upgrade, convert, install, and implement equipment to bring GOV TV in compliance to the Federal law requiring digital formatting. Construct and renovate existing location as necessary to accommodate new equipment.
Sub-total	\$300,000	

Community Facilities

Project Title

2009

Scope

Cultural Services - Museum

Albuquerque Museum Development, Phase 2

\$3,500,000 Design and construct phase 2 rehabilitation of the Albuquerque Museum of Art & History and purchase related equipment. Phase 2 provides for rehabilitation of failed HVAC, degraded electromechanical systems, and inefficiently utilized spaces in a major portion of the 1979 part of the museum. Corrects deficiencies with respect to ADA, and maintains standards mandated by the American Association of Museums. This is the second of 3 anticipated phases. Final project completion is expected by 2013, contingent on future funding.

Albuquerque Museum Collection Development

\$50,000 Purchase, collect, preserve, and maintain art and historic artifacts and purchase related equipment. Correct deficient areas of Museum collections, rehabilitate artifacts, and maintain collection standards mandated by the American Association of Museums.

Albuquerque Museum History Exhibit Renovation, Phase 1

\$150,000 Design and construct Phase 1 of history exhibit at the Albuquerque Museum of Art & History and purchase related historic objects and equipment. This is the first of 2 anticipated phases. Final project completion is expected by 2012, contingent on future funding.

Sub-total **\$3,700,000**

Energy and Water Conservation, Public Facilities, and System Modernization Bonds

Vehicle Set-Aside	\$500,000	Purchase of vehicles and equipment as required by R-07-12.
Vehicle & Equipment Set Aside	\$1,000,000	Purchase vehicles and Open Space / Park Management equipment as mandated by R-07-12.
Kennel Renovation	\$1,500,000	Design, renovate, construct, purchase related equipment and otherwise improve the dog kennel and cattery areas at the East Side and West Side animal shelters.
Media Resources / GOV -TV Facility Upgrades and Replacements	\$300,000	Design, purchase, renovate, upgrade, convert, install, and implement equipment to bring GOV TV in compliance to the Federal law requiring digital formatting. Construct and renovate existing location as necessary to accommodate new equipment.
Replacement Vehicles (DMD)	\$100,000	Replace aging vehicles needed by the Department of Municipal Development to adequately and efficiently implement department projects.
City Building Improvement and Rehabilitation	\$750,000	Plan, design, engineer, construct, and purchase related equipment to rehabilitate City facilities in order to maintain structural value and improve energy efficiency. None of these funds may be used for the design, construction, renovation, repair or any other related expenses for the Downtown Cultural Facility for Teens.
High Flow Fixture Replacement	\$400,000	On-going project to replace High-Flow plumbing fixtures with Low-Flow plumbing fixtures at City facilities, initially including but not limited to multi-story downtown facilities, fire stations, police stations and senior centers.
Roof Repairs for City Facilities	\$500,000	Plan, design, engineer, rehabilitate, replace and construct roofs to maintain the structural value and integrity of the building envelope at City facilities.
Security Improvements and Rehabilitation	\$150,000	Design, construct, rehabilitate and purchase related equipment to upgrade security systems for various City facilities.
Parking Facilities Rehabilitation & Upgrade	\$150,000	Rehabilitate parking facilities, upgrade related equipment, replace antiquated parking meters.

Energy and Water Conservation, Public Facilities, and System Modernization Bonds

Los Angeles Landfill Remediation	\$750,000	Design/construct improvements at the former Los Angeles Landfill. Improvements will include but not limited to grading and drainage required by subsidence of the landfill from deteriorated municipal solid wastes; utilities which require replacement due to subsidence; improvements to the landfill gas extraction system, soil vapor extraction system and gas flare system; and any other action required to protect the health and safety of the public during ballooning and other functions held at the landfill.
Environmental Equipment Improvements and Rehabilitation	\$500,000	Design construct and purchase related equipment to upgrade environmental monitoring for various City regulated programs to include, but not necessarily be limited to air quality, groundwater monitoring, household hazardous waste, consumer health, vector borne disease control. Acquisition of specialized vehicles and vehicle outfitting related to vector control. Laboratory equipment and furnishings.
Montessa Park Gambusia Pond Renovation	\$200,000	Renovate pond by draining, re-grading and improving overall design. Install new liner. Install filtration system, auto-fill system and fish collection areas. Rehabilitate aquatic ecosystem through vegetation and algae management. Equip pond perimeter with gravel skirt to facilitate management. Provide a clean slate for long-term management.
Vehicle Replacement: FCSD	\$100,000	Replace aging vehicles, and purchase equipment needed by the Maintenance Division. All Community Centers use vans in delivery of youth programs, and they all need to be replace periodically.
Citizen Relationship Management (CRM) / 311, Phase 3	\$300,000	Plan, design, develop, test, obtain software, hardware and professional services to upgrade, expand and otherwise improve software, network, and equipment for the City's Citizen Relationship Management (CRM) systems used in support of the 311 Citizen Contact Center and all City service functions. This project includes the implementation of additional web-based self-service functionality for citizens.
Enterprise Resource Planning (ERP), Phase 3	\$1,800,000	Plan, design, develop, test, obtain software, hardware and professional services to upgrade, expand and otherwise improve software, network, and equipment to automate financial, budget, and human resources processes and expand employee self-service functionality.
3% for Energy Conservation (F/S O-06-34)	\$4,746,000	Design and construct energy conservation and renewable energy projects as mandated and described in F/S O-06-34; Enactment O-2006-035.

Energy and Water Conservation, Public Facilities, and System Modernization Bonds

Fuel Tank Replacement	\$1,500,000	Plan, design, excavate, remove old fueling equipment and reconstruct the razed site and install new fueling equipment to replace the current, obsolete Pino Yard Fuel Tanks. Study the options to downsize the Pino Yards Fuel Facility and add a West Side Fueling Station. Determine the options to collaborate with other departments and especially Parks who may need a West Side Yard.
Electronic Plan Review	\$400,000	Plan, design, purchase, install and train staff to implement Electronic Plan Review System to replace manual review of paper building and construction plans. This system will allow simultaneous review by multiple reviewers. Purchase includes 5 years warranty services including training.
KIVA, Phase III	\$250,000	Plan, design, purchase hardware and software to expand the KIVA System in order to replace the existing building, and barricading permit systems.
Albuquerque Geographic Information System	\$200,000	Plan, design, purchase and upgrade and expand computerized maps and associated geographic information for use of all City departments and the Public. This includes, but is not limited to hardware, software, data, training and technical assistance.
1% for Public Art	\$161,000	As provided in the City's "Art in Municipal Places" ordinance, one percent of each bond purpose shall be provided for Public Art.

Total **\$16,257,000**

Parks and Recreation Bonds

Recreation Fields - Vista del Norte & Osuna	\$3,400,000	Purchase land at the northeast corner of Vista del Norte and Osuna, including the commercial property, for the purpose of contiguously expanding the existing balloon landing site, and to plan, design, construct, and equip a park to include soccer fields.
New Community Park Development	\$2,300,000	Design and construct new park acres for Community Parks within the City with associated equipment and improvements.
New Neighborhood Park Development	\$2,500,000	Design and construct new park acres for Neighborhood Parks within the City with associated equipment and improvements.
Pat Hurley Park	\$500,000	Design and construct phase II improvements to the hillside and other improvements at Pat Hurley Park.
Martineztown Park, Phases II & III	\$300,000	Plan, design and construction renovations to Martineztown Park, to include significant improvements to the irrigation system and to the turf, trees and plant material.
Ventana Ranch Community Park	\$6,600,000	Design, construct and equip installation for improvements to Ventana Ranch Community Park. To complete the master plan and build a minimum of 8 lighted soccer fields, including parking. The soccer fields will use artificial turf, if possible according to the state engineer.
Bullhead Park	\$1,500,000	Plan, design, renovate and equip USS Bullhead Park. Areas within the park to be improved include, but are not necessarily limited to, recreational areas, soccer and baseball fields and parking lots.
Sandia Vista Park	\$1,000,000	Plan, design, equip, construct and purchase related equipment and furnishings for improvements to Sandia Vista Park.
City Wide Forestry	\$500,000	Study, map, plan, design, purchase and install trees. Prune and remove trees. Purchase related equipment.
Park, Park Management Facilities & Park Amenity Renovation	\$1,750,000	Design, renovate, and upgrade parks (park facilities) for water conservation, tree replacement, amenity improvements and facility upgrades.
Swimming Pool Renovation & Development	\$2,000,000	Plan, design, renovate, equip and build swimming pools & associated site improvements.

Parks and Recreation Bonds

Recreation Facility Development & Renovation	\$1,500,000	Design, renovate, and build new recreation facilities and purchase related equipment. (e.g. tennis, softball, baseball, golf, organized recreation, restrooms, etc.) No less than \$500,000 of this amount shall be used to renovate golf facilities throughout the City.
Ladera Golf Course Irrigation Improvements	\$1,500,000	Plan, design, equip and construct irrigation improvements to Ladera Golf Course.
Jerry Cline Recreation Center	\$1,200,000	Plan, design, equip and construct improvements to Jerry Cline Park and Recreation Center.
Open Space Facility Renovation	\$500,000	Plan, design, and renovate Open Space facilities and trails. System wide; assess facilities most in need of renovation in terms of condition and usage.
Bosque Restoration & Revitalization	\$200,000	Restore and revitalize the river and Bosque. Remove non-native trees, trash, debris & Jetty Jacks. Plant native trees and shrubs to create healthy Bosque habitats. Plan, design, improve and construct: trails, recreational facilities, restrooms, access for emergency equipment & fire suppression, roads and hydrants. Install interpretative & regulatory information signs & kiosks.
Open Space Land Acquisition, Fencing, & Protection	\$2,935,000	Purchase lands for Open Space including all associated costs. Survey properties, build fences, install regulatory and information signs. Construct portals, parking, trails, and interpretive materials to accommodate the use of newly acquired property.
District 1, Park Improvements and Amenities	\$400,000	Design, construct, install and renovate park improvements and amenities in District 1 parks.
District 2, Park Improvements and Amenities	\$300,000	Plan, design, construct, install and renovate park improvements and amenities in District 2 parks.
District 3, Park Improvements and Amenities	\$100,000	Design, construct, equip and install park improvements, equipment and amenities in District 3 parks
District 4, Playground Equipment	\$100,000	Purchase, construct, replace, equip or otherwise improve playground amenities at parks in District 4.
District 5, Rancho Encantado Park	\$450,000	Design, install, construct, acquire land or rights-of-way for, equip, furnish, renovate or otherwise improve Rancho Encantado Park in Council District 5.

Parks and Recreation Bonds

District 5, Seville Park	\$450,000	Design, install, construct, acquire land or rights-of-way for, equip, furnish, renovate or otherwise improve Seville Park in Council District 5.
District 5, Chantilly Park	\$50,000	Design, install, construct, acquire land or rights-of-way for, equip, furnish, renovate or otherwise improve Chantilly Park in Council District 5.
District 5, Park Hill Park	\$50,000	Design, install, construct, acquire land or rights-of-way for, equip, furnish, renovate or otherwise improve Park Hill Park in Council District 5.
District 6, Park Improvements and Amenities	\$500,000	Acquire land and design, construct and equip expansion of Jack and Jill Park
District 7, Parks Improvements and Amenities	\$330,000	Design, construct, equip and install park improvements and amenities in District 7.
District 8, Park Improvements and Amenities	\$400,000	Design, install, construct, acquire land or rights-of-way for, equip, furnish or renovate park amenities and improvements for the benefit of Council District 8.
District 9, Park Improvements and Amenities	\$750,000	Design, install, construct, acquire land or rights-of-way for, equip, furnish or renovate park amenities and improvements for the benefit of Council District 9.
1% for Public Art	\$340,000	As provided in the City's "Art in Municipal Places" ordinance, one percent of each bond purpose shall be provided for Public Art.
Total	\$34,405,000

Public Safety

Project Title

2009

Scope

Police

Sixth Area Command, Phase II	\$3,200,000	Design, construct, and purchase related furnishings and equipment for the Sixth Area Command in Albuquerque. The construction will be completed in two phases. The first phase will include infrastructure and ROW improvements to Ellison and Cibola Loop, in conjunction with the implementation and opening of a temporary substation at the site to be operational by early 2008. The second and final phase will consist of all remaining site improvements and construction of the permanent Command Headquarters, slated for completion the following year.
-------------------------------------	-------------	--

Marked Police Vehicles	\$2,500,000	Purchase marked police vehicles and equipment as required by R-07-12.
-------------------------------	-------------	---

Total	\$5,700,000

Storm Sewer System Bonds

NPDES Storm Water Quality	\$500,000	Design and construct facilities for the purpose of removing or reducing contaminants in the storm runoff. This project may include right-of-way acquisition, utility relocations, drainage inlets and small equipment/furnishings associated with the project. Includes a public education and outreach effort. This project is an on-going program to test storm water for pollutants and monitor flow rates for reporting to the EPA on water quality.
District 3 Storm Drain Improvements	\$3,000,000	Plan, design, construct and purchase related equipment for storm drain improvements to the Broadway Pump Station in the Barelás area, Alcalde Pump Station, Santa Barbara-Martinez area, and Barelás Neighborhood area.
Emergency Action Plans	\$300,000	Planning, design and other related engineering services required in the preparation of Emergency Action Plans for the operation of dams within the AMAFCA planning area. The three first facilities that will be studied are the Embudo Dam, the Mariposa Basin Dam and the Arroyo del Oso Dam (City will do in conjunction with the John Robert Dam operated by AMAFCA). Recent experience at AMAFCA indicates that these engineering studies will cost between \$80k and \$110k each.
Pump Station Rehabilitation	\$1,550,000	Acquire land, design, construct and purchase related equipment for improvements to 14 existing storm drainage pump stations located mainly within low areas along the north and south valleys. This project may include right-of-way acquisition, utility relocations, drainage inlets and small equipment/furnishings associated with the project.
Moon Street S.D., Central to I-40, Phase II	\$2,700,000	Acquire land, plan, design and construct the Moon Street Storm Drain. Construct both phases. This project may include utility relocations, drainage inlets and small equipment/furnishings associated with the project.
Storm Drainage Rehabilitation	\$500,000	Design, construct and purchase related equipment for storm drainage facilities City wide where immediate attention is needed or where the scope of the project is too small to justify an individual project. This project may include right-of-way acquisition, utility relocations, drainage inlets and small equipment/furnishings associated with the project.
Update Storm Drainage Master Plan	\$200,000	Planning, design and other related engineering services required to update the 1997 City Storm Water Master Plan.

Storm Sewer System Bonds

Coal Storm Drain Rehabilitation and Extension	\$500,000	Design and construct storm drain and related improvements in the vicinity of Coal Avenue to remove flood plains and localize flooding. This multi-phase effort may include utility relocations, drainage inlets and small equipment/furnishings associated with the project.
Central Storm Drains from California to San Pedro	\$1,400,000	Albuquerque Master Drainage Study project 205-03A includes design and construction of an extension to the San Pedro storm drain. The storm drain will tie to the existing line at Domingo and San Pedro and go south to Central where a battery of inlets will be constructed east of San Pedro. This project may include utility relocations, drainage inlets and small equipment/furnishings associated with the project.
Replacement of Arroyo Dip Crossings	\$300,000	Design and construct all weather crossing structures over various arroyos. This project may include right-of-way acquisition, utility relocations, drainage inlets and small equipment/furnishings associated with the project.
Advanced Planning and Engineering (Hydrology)	\$350,000	This project is used to do long term planning and drainage management studies to help provide a logical and meaningful Storm Drainage Program. This project is also used for design and construction of individual projects as necessary.
Fortuna Storm Drain	\$1,500,000	Update and complete the existing design and construct the Fortuna extension to the West Mesa Storm Drainage Diversion. This project may include right-of-way acquisition, utility relocations, drainage inlets and small equipment/furnishings associated with the project.
South Broadway	\$900,000	Design and construct facilities to provide flood control as generally described in the 1990 South Broadway Sector Drainage Management Plan. Both storm drain and pump station modifications are included in the recommended modifications. This project may include right-of-way acquisition, utility relocations, drainage inlets and small equipment/furnishings associated with the project.
1% for Public Art	\$137,000	As provided in the City's "Art in Municipal Places" ordinance, one percent of each bond purpose shall be provided for Public Art.

Total **\$13,837,000**

Street Bonds

Reconstruction of Lead and Coal Avenues	\$4,000,000	Acquire land, plan, design and construct improvements to Lead and Coal Avenues.
Advance Trans. Planning & Eng. (Streets)	\$250,000	Conduct transportation planning, environmental and engineering evaluations, including data research, traffic needs analysis, preliminary plan layout, aerial mapping and design and/or construction, activities and other activities as required.
Advance Right-of-Way Acquisition (Streets)	\$750,000	Purchase rights-of-way for arterial and collector roadways, as designated on the approved Long Range Major Street Plan, where the early purchase is economically prudent, or where the preservation of right-of-way for completion of arterial and collector roadways, is necessary to ensure development of the major street system.
Major Paving Rehabilitation	\$325,000	Plan, design and repave streets that are at or near the end of their expected life span. An ongoing project. Based on the Service Life of asphalt pavement of 20 years and an inventory of 4200 lane miles of roads, maintenance levels should be at 5%. To maintain the existing level of service, 210 lane miles of streets should receive a maintenance treatment based on the existing distress. Maintenance treatments vary in cost from \$15,000 to \$100,000 per lane mile based on conditions.
Intersection Signalization	\$1,750,000	Plan, design, purchase right-of-way, construct, install, modify, upgrade, and otherwise improve traffic signals/intersection control where warranted and purchase related equipment. It is anticipated that between 30% and 50% of this work will support improvements on corridors and/or in activity centers.
Safety & Intersection Improvements	\$1,500,000	Plan, design, purchase right-of-way, construct, and install safety and intersection improvements and purchase related equipment. This project may include, but not necessarily be limited to: guard rails, school crossing flashers, channelization, land acquisition, alignment changes, turn lane additions, and other improvements, and planning/managing hardware and software.
Bridge Repair	\$1,000,000	Plan, design, purchase right-of-way, construct, repair, and reconstruct bridge facilities throughout the City, and purchase related equipment. The NM DOT provides bridge inspections for the City. This list of needs is used to determine needed program repairs. Current bridge priorities include the Montgomery/North Diversion Channel bridge and the Singer/North Diversion Channel bridge.

Street Bonds

NW Arterial Roadway Improvements	\$1,000,000	Plan, design, purchase right-of-way, construct and otherwise improve, and purchase related equipment for northwest arterial roadways consistent with adopted street plans and policies. This project is intended to address the on-going needs of both existing and future development on the NW mesa. These roadway improvements will be phased throughout the entire period of the Decade Plan.
SW Arterial Roadway Improvements	\$1,000,000	Plan, design, purchase right-of-way, construct and otherwise improve, and purchase related equipment for southwest arterial roadways consistent with adopted street plans and policies. This project is intended to address the on-going needs of both existing and future development on the SW mesa. These roadway improvements will be phased throughout the entire period of the Decade Plan.
Traffic Sign Replacement / Lighted Street Signs / Pavement Markings	\$500,000	Plan, design, install, repair, and purchase related equipment and materials to replace existing street signs with new lighted street signs. Plan, design, install, repair and purchase related equipment and materials for pavement markings. Hot/cold plastic striping will be used for crosswalks, lane symbols and markings in high traffic areas (e.g. turn lane arrows, school/rail crossing, bicycle lane symbols.)
Sidewalk Improvements	\$750,000	Installation of wheel chair ramps to meet ADA standards on streets that are currently being reconstructed and rehabilitated. Funding is also used to repair sidewalks that are associated with replaced curbing that corrects drainage problems. Funding is also used to construct any missing sidewalk that is the responsibility of the City. A portion of these funds will be used to widen sidewalks, up to the existing block walls, on the east side of Eubank from Comanche to Candelaria.
Street Lighting	\$500,000	Plan, design, construct, renovate, rehabilitate, install and replace arterial and residential street lighting throughout the city, and purchase of related equipment and materials.
Public Works Funding (Streets)	\$735,000	Plan, design, purchase right-of-way, construct and other associated improvements and the purchase of related equipment for the Streets program share of DMD contracts. The scope includes improvements and activities associated with the SAD program.

Street Bonds

Albuquerque Traffic Management System	\$1,000,000	Plan, design, replace, expand, construct and purchase related equipment for the central computer control system to interconnect all signalized intersections. This project may include but not necessarily be limited to equipment purchases, design, construction of the interconnections, upgrade of existing signals, and emergency vehicle pre-emption systems. The work will be phased throughout the entire period of the Decade Plan and the general obligation bond funds will leverage federal funds.
Atrisco Drive, SW	\$1,000,000	Plan, design, and construct improvements and other associated roadway improvements to Atrisco Drive, SW, between Five-Points Road and Central Avenue.
Neighborhood Traffic Improvements	\$225,000	Design, right-of-way acquisition, material purchases and construction of neighborhood traffic calming improvements approved in conjunction with the city's Neighborhood Traffic Management Program. Neighborhood Traffic Improvements funds shall be spent evenly amongst all nine Council districts.
Median, Streetscape & Off Street Trail Renovation	\$750,000	Design, renovate, and upgrade medians, streetscapes and trails (park facilities) for water conservation, tree replacement, amenity improvements and facility upgrades (e.g. paving, landscaping, etc.).
Median Landscaping - Candelaria / San Mateo to Eubank	\$1,000,000	Design and construction of landscaping and aesthetic improvements on Candelaria between San Mateo and Eubank.
Median Landscaping - Eubank / Constitution to Montgomery	\$1,250,000	Design and construction of landscaping and aesthetic improvements on Eubank between Constitution and Montgomery.
Intersection Level of Service (LOS) Project Implementation	\$500,000	Design, right-of-way acquisition, construction and associated improvements at signalized intersections. The first phase of this project was a study funded in 2005. Implementation will be phased throughout the period of the Decade Plan.
Trails and Bikeways	\$430,000	An ongoing project. Preliminary engineering and environmental evaluation, design, right-of-way acquisition and construction of trail and bikeway facilities in accordance with the City's mandate requiring a 5% trails and bikeways set-aside.

Street Bonds

Singer Bridge Widening	\$300,000	Design, right-of-way acquisition and construction of the north half of the bridge structure, connecting roadway and associated improvements. The scope includes consideration of on-street bicycle lanes on Singer from Jefferson to the North Diversion Channel trail.
Unser Boulevard Reconstruction	\$200,000	Design, right-of-way acquisition and reconstruction of the existing 4-lane segment of Unser Boulevard. The scope includes the addition of sidewalk, on-street bicycle lanes and multi-purpose trail and associated improvements.
Alameda Boulevard Widening	\$250,000	Design, land acquisition and construction improvements, including widening improvements, intersection improvements, drainage improvements, commuter bikeway and trail improvements, and median landscaping.
Alameda Boulevard Widening - San Pedro to Wyoming	\$1,450,000	Design, acquire land, and construct improvements, including widening improvements, intersection improvements, drainage improvements, commuter bikeway and trail improvements, and median landscaping for Alameda Boulevard from San Pedro to Wyoming.
Barelas Pedestrian & Traffic Calming Improvements	\$250,000	Design and construct improvements that facilitate the use of arterial roadways by pedestrians and bicyclists. Improvements shall only include sidewalk widening and/or replacement, ADA compliance/curb cuts, striping/pavement markings, crosswalk pavement enhancements, bump outs, bus shelters, street trees, and wayfinding signage.
1% for Impact Fees	\$1,584,000	The purpose of this project shall be to pay for reductions of Roadway Impact Fees as provided in Council Bill R-07-12; Enactment No. R-2008-017.
West Central Metropolitan Redevelopment Area	\$1,500,000	Acquire property, and design and construct improvements in the West Central Metropolitan Redevelopment Area. Improvements may include infrastructure, streetscape, facade improvements, and building renovations.
New York Metropolitan Redevelopment Area	\$1,000,000	Acquire land, plan, conduct environmental clean-up, design and construction improvements in the proposed New York Metropolitan Redevelopment Area to include the El Vado Motel rehabilitation. Improvements will include facade improvements, infrastructure, streetscape, and building renovation.

Street Bonds

East Gateway Metropolitan Redevelopment Area / Sector Plan	\$1,500,000	Acquire property and design and construct improvements in the East Gateway Metropolitan Redevelopment Area. Improvements may include infrastructure, streetscape, facade improvements, and building renovations.
Menaul Boulevard Corridor Plan	\$75,000	Provide supplemental funds for the Menaul Boulevard Corridor Plan. The plan will provide specific design elements and recommendations to improve the aesthetics and functionality of Menaul Boulevard.
North Fourth Street Corridor Improvements	\$500,000	Acquire land, plan, design and construct improvements linked to North Fourth St. Corridor Plan and proposed Metropolitan Redevelopment Plan including street rehabilitation, and other infrastructure improvements.
District 1, Street Projects	\$200,000	Design, install, repair and construct street projects in District 1, including, but not limited to, construction of Fortuna Road between Coors and Unser Boulevards, traffic calming devices, roadway enhancement features and amenities and median landscaping.
District 2, Street Projects	\$300,000	Plan, design, install, repair and construct street projects in District 2 including, but not limited to, traffic calming devices, roadway enhancement features and median landscaping.
District 3, Street Projects	\$800,000	Design, install, replace, repair, equip and construct street projects in District 3, including, but not limited to, design, construction and installation of roadway enhancement features and amenities, median landscaping, and traffic-calming devices, including, but not limited to, neighborhood signs, sidewalk construction and infill, and streetlight infill.
District 4, Street Projects	\$150,000	Design, install, replace, repair and construct street projects in District 4 including, but not limited to, residential street replacement and repairs, median landscaping, design, construction and installation of roadway enhancement features and amenities, traffic calming devices, neighborhood signs, sidewalk construction and infill, and streetlight infill.
District 6, Alley and Pathway Beautification	\$250,000	Design, install, replace, repair and beautify alleys in the public right of way in District 6, including, but not limited to, the alley between Kathryn Street SE and Southern Boulevard SE between San Pedro Drive and Arizona Street SE.

Street Bonds

District 6, International District Improvement	\$150,000	Design, install, replace, repair and construct streets, sidewalks, pedestrian walkways and provide for aesthetic improvements such as signs, banners, and murals to promote the International Zone.
District 7, Street Projects	\$450,000	Design, install, replace, repair and construct street projects in District 7 including, but not limited to, residential street replacement and repairs, median landscaping, design, construction and installation of roadway enhancement features and amenities, traffic calming devices, neighborhood signs, sidewalk construction and infill, and streetlight infill.
1% for Public Art	\$311,000	As provided in the City's "Art in Municipal Places" ordinance, one percent of each bond purpose shall be provided for Public Art.

Total	\$31,435,000
